

SHOPPING IN THE 1950s AND 1960s

Reading and listening to Hazel Stevens and Liz Howe you have found out that Gravesham town centre used to have lots of little shops selling lots of different things.

You are going to pretend to be a sign writer for some of these shops and help them advertise by creating a sign for them. The sign will hang outside their shop to help attract in the customers!

Pick four of the shops Hazel talked about. Create a shop sign for each different shop by drawing a picture in the boxes to show what each person sold.
(One has been done for you.)

Mr Hall
